

COVID-19 – SAFETY PROCEDURES

As a valued customer your health is our priority

We are committed to looking after our “CFT Family” whilst on tour – please see below for the precautions and actions we are taking to prioritise your wellbeing.

Hygiene

In order to protect our passengers and team we ensure the highest level of hygiene. This includes:

- Cleaning of our coaches with viral disinfectant
- Use of hand sanitiser on entering & leaving the coach (sanitiser will be made available)
- Use of hand sanitiser before and after meals (sanitiser will be made available)

Fit for Travel

In order to ensure the safety of other passengers and our team you will be required to complete a “fit for travel” declaration prior to joining the tour.

Passengers will be asked to make their own self-assessment (or assessment in conjunction with a Doctor) prior to travel - if you are unwell or have any flu-like symptoms, please **do not travel**.

Safety on Tour

Physical distancing measures will be in place wherever practicable. Where it is not possible to physically distance then we encourage the use of face masks. Please note that we are not able to provide face masks. We strongly encourage you to **bring a face mask** with you on tour.

Suppliers

We will ensure that all our suppliers have a **Covid Safe Plan** prior to departure.

Travel the world with likeminded people.
